### TIMING

- \* You will be given a start time at registration for the race. This will be on a sticker, which must be attached to your bike or number board. The sticker also shows the time by which you must finish the complete course.
- \* Seeded riders will be given mandatory start times for all stages, with penalties applicable if start times are missed.
- \* For non-seeded riders, start times are allocated on a first-come, first to choose basis. Getting to registration early will give you the most choice in start times.
- \* If you want to race the course in a group of your friends, please make sure you all register at the same time - and early - that way you should all be given similar start times (if you have opted to be seeded (E1), you will have your own individual start time, and group riding may not be possible).
- \* You must finish the complete course within the set time limit. This info will be recorded by your timing chip.
- \* There is enough slack in the overall time allowance for the whole course that an averagely fit and fast rider will have spare time for food stops and minor mechanical issues.
- \* Your timing chip will record all your stage start and finish times.
- \* You can only ride each stage once.
- \* All riders' times are logged and available at the finish. On handing in your timing chip, you will be given a print-out of all your times.
- \* A fine of £60 will be applied if you do not return your timing chip – and you won't get your times!
- \* A sweeper will follow the last rider on the course.
- \* All results will be posted on the event website asap after the event.
- \* Stage timing stickers should be placed on your top tube. If you do not meet stage closure times you may not be able to complete the course.
